INDORE-THE PRIDE OF NATION

Indore, the financial and commercial capital of the state of Madhya Pradesh, is among 100 Indian cities to be developed as a Smart City. Indore is ranked as '**India's Cleanest City**' for four years in a row as per *Swachhh Bharat Sarvekshan* for the years 2017, 2018, 2019 and 2020. Indore has witnessed a great leadership with Holkar Dynasty. This city of Central India has Large, Medium and Small scale industries ranging from Automobiles to Pharmaceutical and from Petroleum Refineries to Textile. Companies such as TCS, INFOSYS etc. officially started their development centers in Indore. Indore is the only city of India to house both, Indian Institute of Technology and Indian Institute of Management.

Indore is also a tourist destination due to which the city has proper transport channels enabling people to travel within and outside the city. For the convenience of the visitors there are regular services of bus, train and flights. Indore has a well laid transport network enabling people to travel within the city. Indore is served by the Devi Ahilyabai Holkar International Airport which is about 8 km from the city and has a direct connectivity to major cities of India. Regular and direct train services connect Indore to most parts of the country. It is fairly well connected to different parts of Madhya Pradesh as well as India.

Key Attractions:

- ◆ Award Winner of 'No-1 Cleanest City of India' for four consecutive years.

International web Conference 2021

Theme: Post Pandemic Paradigm Shift in Higher Education: A New Global Perspective

Introduction

Outbreak of Covid-19 has impacted about 1.2 billion students and youths across the globe by school and university closures. The worldwide closure has impacted drastically the world's student population and significantly disrupted the higher education sector. According to the UNESCO report, Covid-19 has affected nearly 68% of the total world's student population. The new normal of pandemic requires a drastic change in thought process related to the mindset of policy makers, authorities, students and specially educationists resulting in a balance of economics of good education. The recent pandemic created an opportunity for change in pedagogical approaches and introduction of virtual education at all levels of education which may perhaps be a parallel system of education. In this regard, an international web conference is organized to discuss the new global perspective towards the post pandemic paradigm shift in higher education. This Conference holds the vision of engaging academic fraternity and corporate experts in meaningful assessment which will contribute towards the intellectual wealth of the nation.

Objectives

The main purpose of the conference is to build a network and enhance collaboration by providing an ideal platform for policy makers, educationists, practitioners, researchers, industrial planners to throw light on the new perspective developing on the post pandemic paradigm shift in higher education. Specifically, the objectives of the conference are:
