

## Academia-Industry Experience in the European Union- AIEEU (Short Visit\_Academia-Cum-Industrial Experience\_EU 27) Academic Year 2022 - 2023

Higher education students and staff cannot apply directly for participation under **AIEEU (Academia-Industry Experience in the European Union)** project; the selection criteria for participation in the project AIEEU which is designed and launched by IEEF, are defined by the higher education institution in which they study or are employed. The project is only designed for the group of students from one or many education institutions from India to participate in the European Exposure from academia and Industries based on self support methods.

### What is a AIEEU?

Groups of higher education institutions will have the opportunity to organise short **Academia-Industry Experience in the European Union - AIEEU** of learning, teaching and training for students and staff (AIEP). During these AIEEU programmes, groups of students or staff will undertake a short-term physical mobility to Poland including other destinations at the EU's universities and Industries combined with a compulsory intercultural classes and industrial training abroad. .

In addition, **AIEEU** gives students a chance to experience another culture, knowledge of different education systems, teaching & training methods, industrial training and practices, reliability of legal systems (Civil and Common Laws), local arrangements and transportation system in Poland and other European Union Member states. Students are visiting partner universities and attending common lectures/classes/seminars with local students in Poland, Germany and at other EU universities, where they gained integrated knowledge experience with culturally diversified groups. They are also visiting the industries and learning from their experts about products, market and marketing strategies, supply demand equations, and execution plans for specific markets with local needs. The program itself lets participants understand the needs of the Indian market with comparative analysis with the European market. It leads the participants to understand the quality of education offered by the European Union Universities, applicable to the global means in the competitive world and letting them to identify themselves not only as a tourist being in Poland or inside the European Union but as learners and executors to create their own profile for future endeavours. The program is designed as an effective tool for those who want to pursue international careers with MNCs (multinational Corporations in India, Poland, Germany, EU or any other part of the World) or, to join higher educational Institutions abroad for further studies.

**Academia-Industry Experience in the European Union - AIEEU**, program is open to students and staff from higher education institutions from India, Nepal and all EU and Non-EU countries. **AIEEU**, programmes build capacity for developing and implementing innovative teaching and learning practices in the participating HEIs.

The programme should have added value compared to existing courses or training offered by the participating higher education institutions. **AIEEU** programmes aim at reaching all types of students from all backgrounds, study fields and cycles.

## Program Dedicated to Law Students and Law Colleges/ Universities

The program is addressing the needs of all the law students studying at the Indian Law Schools/Colleges or Universities, where students and faculties are going to get analytical tools to compare Common Law Legal System with the Civil Law Legal System. Most of the EU member states are practicing a Civil Law Legal System including Poland and Germany. Not only, All the participants getting exposure to academia and industry practices but also they'll be visiting the most dreamiest place of a law student/ lawyer to Huge, Netherlands "The Peace Palace" International Court of Justice (ICJ). They'll be able to visit and experience a live session of the Court procedure "Cross-examination".

### Countries to Visit (for law students/schools)

- Poland
- Germany
- Netherlands (Hague)

## Eligible participating organisations

An **Academia-Industry Experience in the European Union - AIEEU**, programme has to be developed and implemented by any Indian Universities (Non-EU partner Country) with two European Organisations, among them one coordinating organisation (Indo-European Education Foundation - IEEF), and two from EU countries either from Poland, Germany or any other EU member states. In addition, any other HEI or organisation located in a Programme Country may participate with the interest of participating groups or institutions.

The organiser (IEEF) decide which HEI will act as receiving in Poland and other European Union member states, and which as sending HEI from India and other non-EU countries.

All participating/sending HEIs are allowed to participate at their own costs.

## Venue(s) of the activity

The physical activity can take place at the receiving HEI in Poland or at any other venue in the country of the receiving HEI at other EU member states (including Germany, Czech Republic, Spain, etc).

Contd...3

## Duration of the activity

Physical mobility: 10 days.

No eligibility criteria is set for the duration of physical mobility but the combined academia and Industrial training participation must award a minimum of **4 ECTS** credits for successful participating students.

## Certificates

All participants are going to receive a common certificate issued by 3 organisations:

- Indo-European Education Foundation - IEEF (as a host and organiser of the program)
- University of Applied Sciences in Nysa, Poland (as host partner University in Poland); and
- Participating Partner University from EU (either country Germany, Czech Republic, Spain etc.)
- Individual certificates can be also offered by participating MNCs or Governmental organisations.

## Eligible participants in numbers

The minimum number of participants in an **Academia-Industry Experience in the European Union - AIEEU**, programme from a sending HEI is 25 (in one group, not including teaching/training staff involved in the delivery of the programme and not including the students from the host university) in order for the programme to be eligible for efficient execution. And maximum can be 45 students including one or two staff or faculty members.

### *For example:*

Minimum 25 students plus 1 to 2 staff from Indian participating Institution.

Maximum 45 students plus 1 to 2 staff from Indian participating Institution.

## Who can participate as a student?

Only student registered in a HEI and enrolled in studies leading to a recognised degree or another recognised tertiary level qualification (up to and including the level of doctorate). **Students from first semester from first year and the students from the last semester from the last year study programs are not eligible for AIEEU program.**

## Teaching and training staff involved in the delivery of the programme

Staff working at a HEI in receiving countries. And any other experts on the specific groups with prior confirmation from the receiving HEIs and Industries.

## Financing

Financing is flat rate based:

- The financing mechanism is: contribution per unit cost. One unit is one student. The flat rate is 3500/00 EUR per student as a participant, with minimum 25 participants and a maximum of 45 participants for maximum 10day. The flat rate depend on the duration / number of days of the **AIEEU**. The organisational support will be provided from the Indo-European Education Foundation, and all receiving partners in Poland and EU.
- It is back to back program: Mumbai/Delhi - Warsaw - Mumbai/Delhi (all included)
- Visa fee and insurance fee is excluded from the flat rate.
